Pahokee Accepts Cleary \$182,493.75 Breakwater Bid

The Pahokee City Council at a meeting Monday morning voted to accept the bid of Cleary Brothers Construction Company, West Palm Beach, of \$182,493.75 for the construction of breakwater in Lake Okeechobee at the Pahokee waterfront to protect the municipal pier, to serve as a harbor for lake boats and to form a settling basin for the city's waterworks plant.

Only three members of the council were present for the important event: Loren Meredith, president of the council and presiding officer, George H. Tucker, Jr., and Mrs. L. W. Armstrong, the council's newest members elected last May. Councilman Robert B. Simonson was away on vacation and Councilman James Harry Wilkinson, Jr., was working in the summer vegetable deal along the Atlantic Seaboard.

After hearing the recommendation of the breakwater planning engineer, J. C. Mock, that the Cleary Brothers bid, the lowest of the seven submitted, be accepted, Mr. Tucker, after a brief explanatory talk, made the motion to accept the bid. Mrs. Armstrong took the floor, saying that although she favored the construction of a breakwater she did not approve of the manner in which this project was being financed, indicating that she did not wish to second the motion. After hearing her views Mr. Meredith asked Mrs. Armstrong to serve as acting chairman and handed her the gavel, then proceeded to second.

Turns Over Gavel At End Of Term

Oseola Upthegrove, retiring president, presided for the last time at the regular dinner meeting of the Canal Point Lions Club in the Community Hall Monday night.

After thanking the officers and committeemen who served under him during the past year, he handed the president's gavel over to Gauden Harrington, new first vice president, in the absence of the new president, Alton W. Jones, who is out of town on vacation.

It was announced the club will not conduct a regular meeting next week because Monday, the meeting date, is a holiday. Club members, however, will be active on that day assisting the Pahokee Lions with the public barbecue that will be sponsored jointly by the two clubs on Monday from 5 to 7 p. m. as part of the Fourth of July celebration at the Pahokee waterfront.

Bid Too High For Utility Building

The county commission this week turned down a lone bid for construction of a utility building at Canal Point park and voted to construct the building with county personnel. Don Hillier and Sons submitted a bid of \$7,250 for the structure. County Engineer Steve Middleton estimated that it could be built by the county for about half that amount.

A bid from Rubin Construction Company of \$5,180 for resurfacing a section of Conners Highway in Canal Point, was received and approved by the county board. In other actions on bids, the commission awarded the courthouse remodeling project to P. C. Lissenden on his bid of \$599,000 and an air conditioning contract to Boys Roofing and Sheet Metal Company for \$95,228.

4th Celebration Is Set For Pahokee

Col. Thomas H. Goodman, former supreme court justice of Tennessee who is now serving as regional director of Civil Defense for Southeastern United States, will deliver a brief address at the Gladeswide Fourth of July celebration to be held at the Pahokee waterfront for all residents of the Glades area. Rep. Paul Rogers made the arrangements for Col. Goodman to take part on the program, according to Jane Rieker, who is serving as general chairman on the arrangements committee for the Pahokee Chamber of Commerce, sponsor of the Independence Day festivities.

Also, featured on the special program starting at the waterfront at 7:30 p. m. will be the music of the Cee Jays Orchestra of Belle Glade and the singing of the Upthegrove Quartet, made up of singers from Canal Point, Pahokee and Belle Glade.

In the evening from 5 to 7 o'clock a public barbecue will be held at the waterfront, or at the Elks social hall in case of rain. The barbecue is jointly sponsored by the Pahokee and Canal Point Lions Club, with Duncan Padgett and M-Sgt. Arnold Heldt, co-directors, in charge. J. M. Elliott is in charge of ticket sales at a dollar a plate for adults and 50 cents for children, proceeds to go into Boy Scout and sight conservation work. In the Belle Glade area barbecue tickets may be obtained at the office of the Belle Glade Chamber of Commerce.

The celebration will end with a spectacular fireworks display originating from the municipal pier.

Emergency Work Is Asked On Road 80

A request that a section of State Road 80 between South Bay and Six Mile Bend be declared an emergency and that the road be resurfaced before the start of the next farming season, was made this week by the County Commission.

The action was asked by Commissioner Paul Rardin, Canal Point, who said he doubted that the section of State Road 80 which serves many of the large growers in the Everglades, would stand up for another year.

Rardin appealed to the board to join him in seeking immediate repairs, from the State Road Department. The Canal Point commissioner said the situation is serious and unless immediate action is taken, a lot of farm equipment will be damaged in traveling the road during the coming season.

Rardin's stand was pointed up by a letter to the commission from Pioneer Growers' Coop, a group of 15 large growers, who asked that immediate attention be given to the road.

The growers pointed out that some 55 percent of the vegetable crop is hauled out of the Everglades by truck which use State Road 80. Some 13,000 carloads of vegetables were trucked out of the area during the last season, the growers reported.

Rardin said he realized that the present road board had been hampered by the lack of funds earlier this year but that by now, gas taxes should have built up SRD funds. He said resurfacing of State Road 80 between South Bay, through Belle Glade to Six Mile Bend had been requested in the Palm Beach County road and bridge program this year but had later been deleted by the state.

New Farm To Market Road Planned For Muck City

Howard Reports Rec Program Advances

In spite of rainy weather activities are increasing steadily in the Summer recreation program at the Pahokee City Park, according to Coach Bill Howard, co-director of the program. On Tuesday the number of children registering for participation in the program had increased to 111.

Swimming and trampolining gymnastics continue to be the most popular forms of recreation, with baseball a close third. The Pahokee boys baseball team was scheduled to play the Belle Glade boys team at Belle Glade Wednesday afternoon.

Local Post Office Goes Second Class

Advancing steadily for the past several years, the Canal Point post office today went into second class with advances in salaries for all three postal workers, according to an announcement by Post Master Oseola Upthegrove.

During the past year when postal receipts began to show that the office would be eligible for advancement today, the department in Washington began to meet the local post master's request for new equipment and much of it has been installed. New parcel post racks, new safe, new money delivery shelves and much other needed equipment has been installed. Mr. Upthegrove said. A request for a new cancelling machine is, being processed in Washington.

Under the second class set-up the office will remain open an hour later in the afternoon with hours being 8 a. m. to 6 p. m. On Wednesday afternoons in the summer the office will close at 12 noon. On Saturdays throughout the year the hours will be from 8 a. m. to 12 noon.

New hours have been set up for the extra clerk, Mrs. Edith Smith, and she will work nearly twice as many hours as she has in the past. Miss Kansas Todd, the regular clerk, will work 40 hours during the week.

Circuit Judge Is Asked For County

Appointment of an additional circuit court judge in Palm Beach County, on the basis of a recent special census, was asked this week by the county commission.

The board adopted a resolution, asking Gov. Leroy Collins, to name a new judge for the 15th judicial circuit. The commission also asked that if the combined Palm Beach, Broward County census allowed, an additional judge be named from Broward County.

According to State statutes, one circuit court judge is named for every 50,000 population bracket. Palm Beach County in the special census, showed 157,086 residents—a figure which provides for three judges.

As the result of a resolution adopted by the County Commission on Monday, Muck City road from Pelican Lake out to Conner's Highway will be built into a modern state highway by the State Road Department. Commissioner Paul Rardin, who designated construction of the road under the 7th cent gas tax law, asked the board to adopt the resolution and seek immediate construction by the state. The distance is three miles.

Rebuilding of the road from Pelican Lake Village into Pahokee at the intersection of SR15 and SR715 (State Market Road) has been provided for by the county in a bond issue which is in process of consummation. Future gas tax money will be pledged to pay bonds to be handled by the newly created Florida Development Commission of which Lloyd Saxton of Daytona Beach was last week appointed chairman. He is a former member of the State Road Board.

At present a narrow shell road is maintained from Conner's Highway into Pahokee over the six mile route, but, with increased traffic due to heavy farming in the territory, Commissioner Rardin deemed it necessary that the road be built into a modern farm-to-market highway. For four years Commissioner Rardin designated that 7th cent gas money be spent on the Vinegar Bend-Belle Glade Canal Road near Belle Glade which was constructed in four contracts over a four year period at a total of nearly a quarter million dollars.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Many exciting periods of history and most of the lands of the earth have been the setting for the motion picture adventures of Rock Hudson. And Rock's following, grown consistently since "Magnificent Obsession," is giving wide geographic distribution to many articles of his wearing apparel. For instance, A pair of his shoes are now being used as window planters in the home of a Jonesboro, Arkansas, housewife, who planted petunias in the shoes after having been water-proofed, lined with tin and nailed to the front windowsills of the house. Several of Rock's old ties have become the centerpiece in a rag rug woven by a lady inmate of a Philadelphia old folk's home. The muscular actor once donated three shirts to a group of youngsters at a summer camp who wanted to be the only kids in the state who had genuine movie star's shirts sewed into the mainsail of their sailboat. Hudson's castoff hats are always in demand, too. He recalls sending

a battered Stetson he had purchased on a Texas location to a man in Milwaukee whose hobby is making the headgear into lampshades. See you at the movies—Mal.

From where I sit... by Joe Marsh

If You Can't
Lick 'em—Join 'em

Just back from visiting with my daughter's family—and playing Grandpop to two of the cutest kids you ever saw. While there I picked up a couple of new ideas on child raising:

If your child's learning to use a pen, provide an old fountain pen—filled with bluing. Looks and writes like ink, but won't stain clothes or furniture.

Maybe you have a boy, like my grandson, who thinks he's too old for a bib—but isn't. A big cowboy bandana works just as well, and looks he-man to boot.

From where I sit, getting along with children is like playing along with grownups—it requires an effort to see things from the other person's point of view. At any age, there's no accounting for tastes. Take my neighbor who keeps a parakeet and drinks hot coffee in the summertime. That seems strange to me... a man who's partial to hound dogs and a cooling glass of beer. But I'd be "childish" to say it was wrong.

Pease of Winter Garden exchanged nuptial vows Sunday, June 26, at 4 p. m. in a candlelight, double ring ceremony at the First Methodist Church in Pahokee with the Rev. A. D. Houglin, pastor, officiating.

Floor baskets of white gladioli and miniature caryanthemums against a bank of potted palms were used to decorate the altar which was lighted with white tapers in wrought iron candelabra. White satin bows marked the family pews.

Nancy Hillier Weds William T. Pease

Miss Nancy Ann Hillier, daughter of Mr. and Mrs. Don Hillier of Pahokee, and William Thomas Pease, son of Mr. and Mrs. William D. Pease of Winter Garden exchanged nuptial vows Sunday, June 26, at 4 p. m. in a candlelight, double ring ceremony at the First Methodist Church in Pahokee with the Rev. A. D. Houglin, pastor, officiating.

Floor baskets of white gladioli and miniature caryanthemums against a bank of potted palms were used to decorate the altar which was lighted with white tapers in wrought iron candelabra. White satin bows marked the family pews.

Farris Kincaid, tenor, sang "The Lord's Prayer" while the couple knelt at the altar. He also sang "Because" and was accompanied by Mrs. William McClenithan, organist, who played nuptial music, including the traditional wedding march.

The bride, given in marriage by her father, wore white applied nylon tulle over net and white satin. The gown was styled with fitted bodice, scooped neckline and long sleeves pointed at the wrist. Her bouffant, floor-length skirt was hooped and her elbow-length veil of French illusion fell from a braided of seed pearls. The bridal bouquet was made up of white roses, tuberose and a white orchid.

Miss Thelma Hillier, sister of the bride and maid of honor, wore a ballerina-length gown of seafoam crystalite. Tiny matching accordin pleats trimmed the yoke of the fitted bodice and formed a panel down the back of the gown.

How understanding of the Ten Commandments brings freedom from fear and limitation will be brought out at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "God" is the Golden Text from Psalms (77:13): "Thy way, O God, is in the sanctuary: who is so great a God as our God?"

Scriptural readings will include the following words of Moses (Deut. 6:4, 5): "Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (200:4): "Moses advanced a nation to the worship of God in Spirit instead of matter, and illustrated the grand human capacities of being bestowed by immortal Mind."

New Children's Home Planned For County

Approval of architects plans for a new Palm Beach County Children's Home was recommended to the county commission this week by the home's board of visitors.

County Judge Richard P. Robbins, spokesman for the visitors, said plans for the new home "seem to be as near perfect as possibly could be expected." He complimented Architect George Votaw for working out plans to fit the needs and commended the commission for providing a new home with enough facilities to take care of future needs.

The commission voted to have the architect prepare final plans and specifications for the new home and to call for bids on the project. Bids are expected to be ready in about 90 days.

County Commissioner Kenneth Foster said the site of the new childrens home had been secured from the West Palm Beach Water Company and that this land was outside the lands which the company has offered to sell to the city of West Palm Beach. County Attorney Harry Johnston said the State II Board had given the county a deed to the property.

The Board of Visitors also told the commission that it would ask the Palm Beach County School Board to construct a classroom in connection with the new children's home.

Pahokee Accepts—

(Continued from page 1)

Before the vote was taken the council asked for comments from the group of approximately 30 citizens present at the meeting. They all favored the breakwater and improvement of the Pahokee waterfront but some, like Mrs. Armstrong, did not approve of the way it is being financed. O. B. McClure said the council did not have any assurance the city would receive any income from its huge investment and asked the council how it expected to replace the \$10,000 in cigaret tax money which is withdrawing from the city's annual budget and pledging to the IRS in repayment of the \$200,000 loan from the Internal Improvement Fund for the construction of the breakwater.

Although no ad valorem taxes may be assessed or collected in repayment of this loan, Mr. McClure was of the opinion such taxes would be necessary to replace the \$10,000 in cigaret taxes that was being withdrawn from the general fund for the annual repayment installment and he didn't think it was just for the city's taxpayers to be threatened with increased taxes for payment of a project that would benefit the entire State as much if not more than it would the city. Inman W. Weeks stated that he not only favored the breakwater but believed that an adequate improvement program for the Pahokee waterfront called for an expenditure of around \$2,000,000 rather than \$200,000. He shared Mr. McClure's opinion, however that the present setup for financing the breakwater might necessitate an increase in the tax millage.

Others speaking in favor of the breakwater were James H. Wilson, William D. Howard, Elmer Jones, Joe Kahn and Mayor Lewis Friend.

In voting to accept the Cleary Brothers bid the council authorized Mayor Friend and City Clerk Dorothy Graham to draw up the contract for immediate signing. The time limit for the construction of the breakwater was set at 150 days.

4th Celebration —

(continued from page 1)

All entertainment, except for the barbecue, is free.

Leonard Dobrow, past president of the Pahokee C of C, will act as master of ceremonies. Others assisting Mrs. Rieker with the arrangements are Milton Carpenter and A. E. Early, fireworks; Curtis Chase, lights and public address system; Lewis Friend, Alys Oakie and Gene Pickren, platform construction and decoration; Bob McQueen and Louis F. Mims, color guard; F. S. (Dick) Parrish, Police Chief Leon Guthrie and members of American Legion Post 90, parking.

Mrs. J. R. York Speaks To Pahokee Roters

Mrs. J. R. York, assistant principal at Pahokee High School and a pioneer resident of Pahokee, was guest speaker at the Thursday luncheon meeting of the Pahokee Rotary Club.

Introduced by Olaf Boe, the speaker briefly outlined "The History of the Everglades," giving some interesting sidelights on the characters of some of the early pioneers who helped tame the wild and unpredictable mucklands. She also traced the spectacular development of the Glades area in all phases of human activity from the "early days" back in 1918 up to the present time.

It was announced the annual change in club leadership will take place at the next meeting when the retiring president, Thadd Whidden, will hand over the presiding officer's gavel to the incoming president, Bascom A. Belcher. Whidden will call for reports of club activities during the past year from standing committee chairman who served under him and Belcher will outline work plans for the coming year and give instructions to his newly appointed committees.

IN SWIM MEET

Three Pahokee girls, Yvonne Thompson, Judy Canipe and Kay Canipe participated in the Palm Beach County preliminaries for the 1955 Florida AAU Junior Olympics Swimming and Diving Championships held in West Palm Beach June 29-30.

Yvonne entered the 25-yard free style swim; Judy, the 25-yard back stroke contest, and Kay, the 25-yard breast stroke contest.

Rolling Library Is Planned For Hospital

A rolling library for the Everglades Memorial Hospital, a community missions project which the Pahokee First Baptist Women's Missionary Society has been working on for the past few months, was presented, complete with 45 volumes of books and a reference Bible, to the hospital on Tuesday

for use and enjoyment by its patients. The presentation was made by Mrs. F. G. Gillis, president of the WMS; Mrs. W. A. Keen, Community Missions chairman, and Mrs. Paul Tillery, who will serve as hospital librarian for the WMS. Jesse W. Reel, hospital administrator, officially received the welcomed gift on behalf of the hospital staff and patients.

The rolling library resembles a large serving cart with special built-in shelves for the books which can be easily seen by the patients as it is rolled from bed to bed for the selection of reading material. It now has 45 volumes selected and donated by the First Baptist WMS members. Anyone wishing to donate additional books to this library is asked to contact the librarian, Mrs. Tillery.

The Misses Ona Humphries and Wynell Gillis enjoyed a weekend at the beach at Palm Beach Shores.

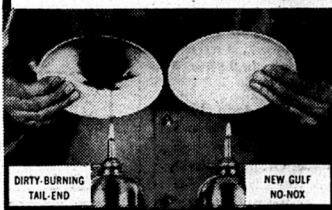

Important thought to keep in mind:

If you want to keep the new engine under the hood clean as it is today, use that great new Super-Refined Gulf NO-NOX—the clean-burning gasoline . . . and its super-refined teammate, new Gulfpride H.D. Select Motor Oil.

New Gulf No-Nox Gasoline delivers not just the highest octane but

full working octane

because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new clean-burning Gulf NO-NOX.

NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean.

That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get . . .

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock and engine stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's

super-refined gas-oil team... New Gulf NoNox Gasoline and

New Gulfpride H.D. Select Motor Oil

The only motor oil super-refined by the Alchior Process for modern high-compression engines.
